Your role in our MINT family:

- As UX/UI designer you are a member of our product development team and responsible for the user experience of our (web-based / mobile) product
- Starting from user needs through ideas and strategic concepts to the final design you are a driver in product development
- You are committed to collaborative teamwork with product owners, developers and other stakeholders
- You contribute to our design system and care for a consistent UI across our platform in close collaboration with other designers and frontend developers
- In collaboration with your team and support of our UX researchers you conduct and analyze user research
- Create prototypes of new products and features using Adobe

This is how you can impress us:

- You have successfully completed your academic studies, preferably in the subject of HCI, communications design, or information design - or you hold similar qualifications
- You bring a proven track record as a digital product designer or UX/UI designer with strong UX and UI skills, preferably working on sophisticated web or mobile-based products, at a fast-paced and execution-focused environment
- You can share a Portfolio of past works (5+) and examples of your design process
- You are willing to ask questions and challenge established opinions in order to get the right outcome
- You have a strong understanding of web technologies and basic knowledge of programming
- You are an expert with Adobe XD or similar software
- You have strong interpersonal communication and relationship-building skills
- You have expert knowledge of UI design principles, grid systems, and responsive design
- Deep knowledge of design and prototyping tools
- You have an interest in design thinking methods
- You hold an unrestricted travel passport
- You have the ability to manage your time and effectively prioritize tasks and work with minimal supervision
- You are fluent in English

What we have in store for you:

- Our people & culture: at MINT you will be part of a global family that thrives on our cultural diversity. We love spending time together on social events and pride ourselves on the fun, productive environment in our modern MINT offices.
- Flexibility & mobile working: We respect every person's individual routines. Therefore, we support flexible schedules and mobile working so you can find your perfect work-life-balance
- Profit sharing: We believe that people make the company, and this is why we love to share our profits with our people
- Retirement plans: To help prepare our people for an enriching retirement, we contribute to our employees' direct insurance scheme
- Travel opportunities: As a global company with customers and MINT family members in offices all around the world such as Germany, USA, United Arab Emirates and partners in Colombia and Ukraine, you have great opportunities to travel to exciting locations
- Drinks & snacks: we believe the way to a human's heart is through their stomach and this is why we provide beverages, snacks and the occasional catered lunch
- Pet-friendly offices: If you choose to work from one of our offices, feel free to bring your four-legged friend with you. We'd love to meet them!
