

Cloud Operations Engineer

Location: Kiel, Germany (hybrid)

Starting date: as soon as possible

Your role in our MINT team:

- Design, develop, and implement Infrastructure as Code (IaC) to automate the provisioning and management of AWS infrastructure.
- Build and maintain continuous integration/continuous delivery (CI/CD) pipelines to automate code builds, testing, and deployments to AWS environments.
- Configure and manage monitoring tools like Prometheus and Grafana to collect, visualize, and analyze application and infrastructure metrics for performance optimization and troubleshooting.
- Identify and implement automation opportunities to streamline internal workflows and improve operational efficiency.
- Collaborate with developers, operations teams, and other stakeholders to ensure smooth delivery and maintenance of cloud-based applications.
- Stay up-to-date on the latest AWS services, DevOps tools, and best practices

This is how you can impress us:

- You have successfully completed your academic studies, preferably in the subject of Information Systems, Computer Science, Computer Engineering, Software Engineering, or similar engineering major
- You bring 2+ years of relevant work experience
- You are experienced in managing Windows and Linux server environments for optimal performance and stability.
- You have a solid understanding of CI/CD principles and experience with DevOps tools like Ansible and Terraform.
- You are proficient in writing Infrastructure as Code (IaC) using Terraform and CloudFormation templates.
- You are very familiar with monitoring tools like Prometheus and Grafana.
- You are experienced in developing, deploying and managing solutions using AWS cloud services (including EC2, S3, CloudFormation, and IAM).
- You have work experience of security best practices and networking principles within cloud-native environments, with a focus on safeguarding data and infrastructure against potential threats and vulnerabilities.
- You are skilled in containerization technologies like Docker, Kubernetes, and AWS EKS.
- You are proficient with scripting languages (e.g. YAML, JSON, Python, Bash) for automation purposes.
- You are able to work independently and as part of a team in agile, fast-paced DevOps environments and collaborate effectively within cross-functional teams to deliver high-quality solutions.
- You have a strong work ethic and a passion for continuous learning.

What we have in store for you:

- **Our people & culture:** at MINT you will be part of a global team that thrives on our cultural diversity. We love spending time together on social events and pride ourselves on the fun, productive environment in our MINT family.
- **Flexibility & remote working:** We respect every person's individual routines. Therefore, we support flexible work schedules and remote working for you to find your perfect work-life-balance.
- **Work-Life-Balance & family-friendly environment:** At MINT we believe having enough space to spend quality time with family and friends or to follow your favorite free time activity ensures mental and physical well-being as well as it motivates you every day!
- **Extra bonus payment:** We believe that people make the company, and therefore we love to share our profits with our team members through an additional annual bonus payment.
- **Annual pay review:** We offer you competitive and fair remuneration with annual performance base pay increases and to account for changes in the cost of living expenses.
- **Travel allowance:** Our great office location facilitates convenient commuting via Kiel's public transportation system. We are pleased to offer a monthly allowance to support your ticket costs.
- **Company pension:** To help prepare our people for an enriching retirement, we contribute to our employee's direct insurance scheme.
- **Employee loans:** We help you out, if you are in need of some extra money. Maybe you want to refurbish your new apartment or buy a new car? We have got your back!
- **Hansefit:** Our team members' health is our top priority. Therefore, we offer the countrywide sports facility membership "Hansefit" and contribute to a large extent to the monthly costs.
- **Fun company events:** At MINT, we believe in the importance of building strong bonds between our team members, and we do so by organizing a variety of fun team events throughout the year such as our monthly indoor soccer games.
- **Boarding apartments:** If you join our team from abroad and relocate to the beautiful city of Kiel, we provide you a company apartment for your first months in Germany!
- **Loyalty & long-term relationships:** We want you to be part of our MINT family without any limits. All our work contracts are indefinite!
- **Travel opportunities:** As a global company with customers and MINT family members all around the world such as Germany, USA, Canada, UK, UAE, India and Colombia we offer you exceptional travel opportunities to exciting locations and meet amazing people!
- **Drinks & snacks:** we believe the way to a human's heart is through their stomach and this is why we provide beverages, snacks and the occasional catered lunch
- **Pet-friendly offices:** If you choose to work from one of our offices, feel free to bring your four-legged friend with you. We'd love to meet them!
